MASTER OF BUSINESS ADMINISTRATION

AACSB ACCREDITED

EDWARDS SCHOOL OF BUSINESS
UNIVERSITY OF SASKATCHEWAN
Expand your career options

The Edwards Master of Business Administration (MBA) program helps professionals from all backgrounds who are seeking to advance or change their careers. We do this by offering a learning environment based on practical experience and essential management skills.

No business degree? No problem!
Many of our students have bachelor degrees from a non-business discipline. In the Edwards MBA program, you will learn the business skills to succeed in any industry.

Full or part-time options

The Edwards MBA is offered in both full-time and part-time options. If you are looking to fast track your MBA, you can complete the full-time program in only 12 months! Alternatively, the two and three year program options are the perfect solution for those students who are working full time. While some flexibility is required from your employer, the two and three year programs can be effectively integrated into your career goals.

What will I study?

MBA courses are scheduled in three week blocks creating an intensive learning environment that immerses students in the subject area while allowing flexibility for personal schedules.

Dual options

Did you know that you can gain your MBA while enrolled in the following University of Saskatchewan programs?

Doctor of Medicine (MD)
This program is designed to create effective managers and teach leadership roles in the medical profession. Students who elect to complete the MD/MBA will defer their admission to the MD program by one year to complete their full-time MBA.

Doctor of Veterinary Medicine (DVM)
The DVM/MBA program is a five year program. Students will follow the one year MBA schedule and insert MBA courses between the third and fourth year of the DVM program. Students can also complete MBA courses following completion of the DVM program.

Doctor of Pharmacy (PharmD)
The PharmD/MBA integrates business and management skills into professional practice and enhances effectiveness in managing in complex environments. Pharmacy students start the MBA in second year, and complete the program over three years simultaneously alongside the PharmD degree.

Juris Doctor (JD)
This three year dual degree program allows students to complete their law degree and their MBA simultaneously, giving tremendous insight into corporate law.
Internship

The Edwards MBA Internship Program (EMIP) is an eight month work experience program taken in January of the first year of a two year program of study.

Designed for students with little or no work experience, EMIP is a value-added component of the Edwards MBA Program. Work placements provide additional opportunities for learning and mentoring and are designed to provide new MBA students with much needed business experience while applying academic knowledge to the workplace.

Each fall, admitted interns will compete for work placements. Each position is paid, full-time (35+ hours per week) and takes place from January to August (with the possibility to extend until December).

*Students pursuing the internship option must agree to complete their MBA in two years.

Academic Impressions

“My experience in the MBA Program at Edwards has taught me so much more than imagined. The theory learned in the classroom is quickly applied in real-life scenarios and experience. Being part of EMIP and involved with MBARC have been critical assets to my growth as a business professional as the experiences outside the classroom are endless.”
Program highlights

**MBA 885 - Essential Management Skills Retreat**
Take part in a one week intensive experiential management skills retreat in beautiful Northern Saskatchewan. Explore your personal management style and improve your communication skills; gain valuable insights into how to manage difficult people; conduct interest-based negotiations; and help your employees achieve improved levels of performance. The role of personal wellness will also be highlighted as a critical aspect of management performance.

**MBA 889 - Integrative Modules**
Edwards MBA students complete three modules that focus on the integration of curricula from a suite of courses. The integrative modules use a case method approach, including instruction, discussion, analysis, presentation, and writing. Scheduled three times during the program, these modules provide opportunities to integrate and apply knowledge gained in functional areas. The first module is a building block within the program utilizing concepts learned to that point, leading to the final module which integrates the entire Edwards MBA curriculum.

**MBA 992 - Venture Management Project**
Take part in experiential learning through the MBA Venture Management course. Designed to assist students in developing and understanding the skills and tools required in preparing and presenting a complete and professional business plan for a business entity. All aspects of the business plan are discussed and integrated, including operations, human resources, marketing and finance.

Brad Zimmer, B.Comm., MBA
Associate Vice President, IT Systems and Operations
Federated Co-operatives Limited

“I completed my MBA after nearly a decade of professional experience. Taking the program elevated my business acumen, and allowed me to build on that experience – but also served as a signal to the leaders in my organization that I was willing to invest the time and energy to elevate my capability and do more with my career.”
